Producer

Founded by childhood friends Jeff Carrel and Thibault Schaller, Aubert & Mathieu is a contemporary French négociant project built around clarity, sustainability and regional expression.

Tasting Notes

Its pale colour shows a rich olfactory experience, offering an aromatic bouquet of white flowers, honey, rhubarb and candied fruit. On the palate, this wine surprises with its honeyed sweetness on the attack, quickly enhanced by refreshing citrus flavours. The finish is tangy and thirst-quenching, leaving a pleasant zesty taste.

Viticulture

Night picking to preserve the freshness.

Winemaking

Cold pre-fermented maceration, followed by traditional vinification. The dried grapes are destemmed, pressed and cold settled, then racked off before aging on the lees.
