Vintage	

Producer

Zalto Denk'Art glassware from Austria strikes the perfect balance between function and beauty, and is the benchmark for glass culture among connoisseurs and sommeliers. Each glass is mouth-blown by highly skilled glassblowers, a tradition that echoes the great Venetian glass artists of the Renaissance. Despite their feather-light weight and fine rims, Zalto glasses are lead-free, resistant to clouding and dishwasher safe, so they are made to be your everyday glassware, not just for special occasions. We stock the Champagne, White Wine and Universal glasses, singly or in two-packs, among others.

Tasting Notes

For elegant white wines, water or non alcoholic drinks. Allows the optimal development of flavour and fines. Keeps freshness over a longer time. Well suited to store in the refrigerator.
