### Producer

Bodegas Barbadillo was founded in 1821 in Sanlúcar de Barrameda. For two hundred years the family has been devoted to making quality wine with respect for tradition and a passion for innovation. This enduring commitment has earned Barbadillo its place as the foremost specialist in all sherry styles. With their origins in Sanlúcar de Barrameda, we are excited to introduce their range of exceptional Manzanillas. Their innovative approach is the future of this region, evolving and creating new styles to suit every palate. In their seventh generation of wine production the family are still looking at the future.

### Tasting Notes

Mahogany colour and aromas reminiscent of noble oak, plums, dried fruit and raisins. Syrupy and smooth on the palate.

### Winemaking

VINIFICATION TYPE OF FERMENTATION: TANKS: Stainless steel TEMPERATURE: 20° TIME: 12 days YEAST: Indigenous AGEING TYPE: Oxidative TIME: 6 years of oxidative ageing CELLARS: La Pastora, La Nueva TOTAL BUTTS: 10 criaderas given over to oxidative ageing. TYPE OF BUTT: Traditional Jerez butt made from American oak DESCRIPTION OF PROCESS: Once the fermentation of the Palomino must has finished, the most robust wines are selected and fortified with wine-based distilled spirit to bring the alcohol content up to 18%. This fortified wine is known as sobretablas and is destined for ageing in traditional Jerez botas, usually of 500 litre capacity. This ageing or crianza is achieved through oxidation of the wine whilst in barrel and racking within each tier of the criadera. This traditional system is characterised by the care - fully orchestrated movement of wine between the soleras and criaderas within each cellar. With this particular wine, the ageing process lasts

for a period of 7 years. Before bottling the wine is carefully blended with PX that has itself been matured in the same system of soleras and criaderas, in order to achieve the desired characteristics of a Sherry "With this particular wine, the ageing process lasts for a period of 7 years.
