WATERFORD
IRISH SINGLE MALT WHISKY

Producer

The Worlds first Biodynamic Whiskey. One of only four organic Whisky's In Britain and Ireland. 'The integrity of what Waterford is, is incorruptible' – Mark Reynier on their whole approach. Unashamedly influenced by the world's greatest winemakers, they obsessively bring the same intellectual drive, methodology and rigour to barley – the very source of malt whisky's complex flavour. Extolling a hundred exclusive farms of Irish-grown barley, they search for natural flavours via three paths: their Single Farm Origins pursue the individualism of terroir-derived flavour; they are the building blocks of our Cuvées, where the whole is greater than the sum. Finally their Arcadian Barley expresses the intensity of flavour from exploring the old ways – of Organic, Biodynamic, Heritage and even Irish-peated barley. Indeed, so thorough is their exploration of the frontiers of natural flavour that they are the world's largest producer of organic and biodynamic whiskies

Tasting Notes

Golden peach with super rich and thick oils on the glass. A dry spice dance that tangoes and waltz's like a happy couple into the golden peach sunset.

Viticulture

The Arcadian Series of alt-barley is where we champion those maverick growers whose inspirational ethos & way of life respects the land and the old ways in the pursuit of flavour over yield imperative.

Winemaking

For the first time we dip into a new vintage: the 2016 organic harvest. Once again Gaia, neopagan goddess & a personification of Mother Earth herself, is our standard bearer for the celebration of this vibrant new edition of

TINDAL
WINE MERCHANTS

Ireland's only whisky to be distilled from organic Irish barley.
