<b>Closure Style</b>	Vinolok
<b>Producer</b>	
<b>Vintage</b>	NV

**WATERFORD**  
IRISH SINGLE MALT WHISKY

### Producer

The World's first Biodynamic Whisky. One of only four organic Whiskies in Britain and Ireland. 'The integrity of what Waterford is, is incorruptible' – Mark Reynier on their whole approach. Unashamedly influenced by the world's greatest winemakers, they obsessively bring the same intellectual drive, methodology and rigour to barley – the very source of malt whisky's complex flavour. Extolling a hundred exclusive farms of Irish-grown barley, they search for natural flavours via three paths: their Single Farm Origins pursue the individualism of terroir-derived flavour; they are the building blocks of our Cuvées, where the whole is greater than the sum. Finally their Arcadian Barley expresses the intensity of flavour from exploring the old ways – of Organic, Biodynamic, Heritage and even Irish-peated barley. Indeed, so thorough is their exploration of the frontiers of natural flavour that they are the world's largest producer of organic and biodynamic whiskies.

### Tasting Notes

Golden peach with super rich and thick oils on the glass. A dry spice dance that tangoes and waltzes like a happy couple into the golden peach sunset.

### Viticulture

The Arcadian Series of alt-barley is where we champion those maverick growers whose inspirational ethos & way of life respects the land and the old ways in the pursuit of flavour over yield imperative.

### Winemaking

For the first time we dip into a new vintage: the 2016 organic harvest. Once again Gaia, neopagan goddess & a personification of Mother Earth herself, is our standard bearer for the celebration of this vibrant new edition of

Ireland's only whisky to be distilled from organic Irish barley.
