WATERFORD
IRISH SINGLE MALT WHISKY

Producer

The World's first Biodynamic Whisky. One of only four organic Whiskies in Britain and Ireland. 'The integrity of what Waterford is, is incorruptible' – Mark Reynier on their whole approach. Unashamedly influenced by the world's greatest winemakers, they obsessively bring the same intellectual drive, methodology and rigour to barley – the very source of malt whisky's complex flavour. Extolling a hundred exclusive farms of Irish-grown barley, they search for natural flavours via three paths: their Single Farm Origins pursue the individualism of terroir-derived flavour; they are the building blocks of our Cuvées, where the whole is greater than the sum. Finally their Arcadian Barley expresses the intensity of flavour from exploring the old ways – of Organic, Biodynamic, Heritage and even Irish-peated barley. Indeed, so thorough is their exploration of the frontiers of natural flavour that they are the world's largest producer of organic and biodynamic whiskies.

Tasting Notes

Cuvée: Argot is matured fully in a mixture of 37% first-fill US Oak, 19% Virgin US oak, 19% Premium French Oak and 23% Vin Doux Naturel. The whisky has notes of orange peel, almonds stewed apple, bread crust, green foliage, mixed berries, fennel and white chocolate, with the tastes of bell peppers, granola, grapefruit, smokey barbecue, banana milkshake, green apple skin – the finish is long, warming, peppery and dry. 'Argot with that sort of peat smoke is our cheeky chappie – our wild child – heralding a new way to experience the Cuvée Concept and enter the Waterford world.'
