WATERFORD
IRISH SINGLE MALT WHISKY

Producer

The World's first Biodynamic Whisky. One of only four organic Whiskies in Britain and Ireland. 'The integrity of what Waterford is, is incorruptible' – Mark Reynier on their whole approach. Unashamedly influenced by the world's greatest winemakers, they obsessively bring the same intellectual drive, methodology and rigour to barley – the very source of malt whisky's complex flavour. Extolling a hundred exclusive farms of Irish-grown barley, they search for natural flavours via three paths: their Single Farm Origins pursue the individualism of terroir-derived flavour; they are the building blocks of our Cuvées, where the whole is greater than the sum. Finally their Arcadian Barley expresses the intensity of flavour from exploring the old ways – of Organic, Biodynamic, Heritage and even Irish-peated barley. Indeed, so thorough is their exploration of the frontiers of natural flavour that they are the world's largest producer of organic and biodynamic whiskies.

Tasting Notes

Blend Nose: High-toned, vibrant, fresh smoke-on-the-breeze-on-a -spring- morning style of peat. A coastal walk; brine, oyster shells, barley sugar and orchard fruits: soft apples and pear skins. A little warm hay too as it opens in the glass.
Taste: Full-bodied, oily, unctuous. Grist, driftwood, campfire and creosote. Sheepswool and lapsang souchon tea. Juiciness comes in the form of white peach and apple sauce. **Finish:** Complex cigar tobaccos, green tea and tar.
