Vintage	2023

Vegan Vegetarian

Tasting Notes

"Yellow-green color, unique aromas of tropical fruits, bergamot, apple geranium and quince, distinctive of the rare indigenous variety. Medium body, freshness, refreshing acidity acidity, mineral, long finish."

Winemaking

We cultivate the Kydonitsa variety in our privately owned vineyards organically (we have certification for our grapes) and our yiels are quite low yields are low (about 500Kg/stremma). The region of Monemvasia is warm and dry. The area enjoys high solar exposure and cool sea breezes that are beneficial during the hot summer months. The vines are planted in linear vineyards and are 15-18 years old.
