Gérald Talmard

Producer

Gérald Talmard, cousin of Mallory at Cave Talmard, produces a very small range of wines from 17 ha of vineyard in the village of Uchizy, in the northern Maconnais. Gérald's philosophy has always been to keep things simple and to emphasise the pureness of the wines. The Mâcon-Uchizy is made from 100% Chardonnay and fermented entirely in tank.

Tasting Notes

"Produced from grapes grown in the Northern Maconnais, this excellent Chardonnay based wine comes from one of the regions leading growers. The wine is unoaked, medium bodied, has lovely citrus/ripe pear flavours and a long, crisp finish." "APPEARANCE : Golden yellow colour, limpid, golden highlights. NOSE : Expressive, forthright, slight white flowers aromas, subtle peach aromas. PALATE : Fruity, rich, round, slight white flowers overtones, subtle peach hints, round, slightly mineral, good intensity, good length."

Viticulture

This 17 hectare estate is situated in the village of Uchizy, in the Northern Maconnais. Uchizy sits at the point where the alluvial plain of the Saone River begins to rise away towards the limestone rich hilly outcrops to the west. The soils around the village have a loam/clay topsoil over a limestone base. The climate is continental with warm summers and cold winters. The farming approach is minimum intervention and harvesting is done by machine.

Winemaking

"Sustainable viticulture . Certification Haute Valeur Environnementale. Mechanical harvesting. Temperature-controlled fermentation in stainless steel vats, Pressing, Use of indigenous yeast, Malolactic fermentation. Ageing in temperature-controlled stainless steel vats, Fining, Light

filtering, Traditional corks"
