Teusner

Producer

A company born from a chat over a pint in 2001. Kym Teusner and Mick Page, overheard a couple of grape growers talking about grubbing up their 85 year old Grenache vines. The guys stepped up and offered the growers four times what they'd be paid for the crop before. This stance is the cornerstone of their business, treating growers with the respect they deserve. Kym and Mick make the kind of wines they like to drink, we liked them too when we visited back in 2016. The wines are full of character, edged with the old vine complexities that we love. It's exciting, after so many years of keeping in touch with progress at the winery that we finally have the wines in Ireland.

Tasting Notes

"Complex aromatic of dark fruits, hints of menthol spice and charcuterie, paired with a palate packed with boysenberry, black satsuma plum, black cherry and cassis with great intensity and length. Tannins are fine grained, supple, long and well balance with the acidity to see this wine cellar beautifully over the next decade or so."

Awards

"99 Points - James Halliday - Top 100 Wines 2023 ""Barossa Valley Shiraz doesn't come much better than this. The vintage was perfect, but few nailed the opportunity as well as winemakers Kym Teusner and Javier Moll. The Silky elegance and balance are coupled with purity and freshness in a manner seldom seen.""
