

Idig Königsbach Riesling GG VDP, Weingut A Christmann

Pfalz, Germany

Producer

An estate known for biodynamically produced elegant, ageworthy Rieslings. This small estate in the Pfalz is a jewel in the crown of German wine. Steffen Christmann is a respected and talented winemaker in the VDP, the Christmann Rieslings command a loyal following. Steffen's daughter, Sophie came back from her studies in 2017 and focussed her energies on the estate's Spätburgunder (Pinot Noir) production, which has doubled under her watch. Their vineyard soils are unique to the area, they comprise heavy tertiary limestone, similar to Burgundy. The reflection of this in the wine is extraordinary. Chambolle, Volnay... tasted blind, these wines would trump many of their French counterparts.
