Tasting Notes

"Licis 2013 is a very complex wine, with spicy aromas reminding of clove, pink pepper and cigar case and underlying crisp fruit notes like figs, plums and blackberries. In the palate is fragrant, with spicy aromas, velvety tannins and a balanced acidity, resulting an elegant lively wine. A very good potential of ageing is expected for the next 10 years."

Winemaking

The grapes are whole-destemmed and crushed. The must ferments at 24 °C - 29°C temperature for 10 days with gentle pumping-over, followed by the maceration of 10 days. The pressed wine is discarded.
