Producer

Based in the Mosel, Rudolf Trossen farms just 2.5 ha of vineyards, a scale he regards as a privilege rather than a limitation. Inspired early on by Rudolf Steiner, Trossen has worked biodynamically for over 40 years, shaping an estate defined by integrity, patience and respect for place.

Tasting Notes

Made from Pinot Blanc and Pinot Gris.Refined with a shot of crisp Trossen Riesling, the wine is ready to drink now. It smells spicy of flower meadow and roses, of green and yellow fruits, is overall rather lean, has enough melt and stimulating spice and glides harmoniously over tongue and palate.

Winemaking

The 2021 "Pinot Pur" is composed of Pinot Blanc and Pinot Gris grapes from the upper Mosel, which I was able to acquire from a young, sympathetic organic winemaker colleagues.
