Based in the Cru of Regni , Antoine is one to watch in Beaujolais. Leaving behind a life in computers Antoine moved to Regni , close to his brother Julien's winery and established his own domaine in 2014. On 5.5ha, 4.3 in Regni , 1.2 in Morgon the land is worked sustainably, using cover crops including cereals and peas for biodiversity. The soils are diverse from deep granite in Regni  to old alluvial in Morgon. The wines are grown up and tense, their elegance belies the gamay of old, looking only towards a future of discovery. Stocks are strictly limited on these wines.

Tasting Notes

This cuvee was half sand and alluvial. Silky red fruit nose. A wine that is nicely structured - open, but still with good concentration. Pretty small complexities and long finishing.
