EMILIANA
ORGANIC VINEYARDS

Producer

One of Chile's most influential estates, Emiliana is a large-scale producer that has built its reputation on a deep commitment to organic and biodynamic farming. With over 600 ha under vine, the winery has shown that scale and sustainability can coexist, investing heavily in long-term environmental and social responsibility across its vineyards and people.

Tasting Notes

A clear, bright pale yellow in color, with refreshing citrus aromas of grapefruit and lime that intermingle with subtle tropical fruit aromas, especially pineapple, and a touch of herbs. On the palate, it is a balanced, fresh and fruity wine, with velvety texture and a persistent, enjoyable finish.

Viticulture

Emiliana has just over 600ha of organic and biodynamic vineyards. Their approach includes a raft of measures to ensure the production of healthy grapes and the long term viability of their vineyards. Amongst these are the employment of a mobile chicken coop so that the chickens can suppress any unwelcome insects, the planting of native trees and flowers to encourage biodiversity and the sowing of cover crops to prevent erosion and increase soil fertility. The grapes for this Chardonnay come from the pre-coastal Casablanca Valley in central Chile, where the cool climate is due to the influence of the Pacific and the Humboldt current with temperatures of 25°C in summer and 14°C in winter. The soils are composed of clay and sand and the vineyards are dry farmed.

Winemaking

Cold due to the influence of the Pacific and the Humboldt current. Presents permanent humidity and average

temperatures of 25ºC in summer and 14ºC in winter.
