Producer

Sylvie and Laurent Perraud farm 47 ha around the town of Clisson, one of the Muscadet region's most prestigious communes. The sloping vineyards are a complex make up of clay, gravel, schist, loam, sand and granite which Laurent farms according to the Terra Vitis charter. The long sunshine hours together with the proximity of the Atlantic provide the region with the key elements of heat, rain and wind for the production of healthy grapes. In the winery, Laurent likes to keep things simple; direct pressing followed by fermentation in tank and overwintering the wines on their lees to gain more body.

Tasting Notes

100% Melon de Bourgogne. Beautiful shiny, golden yellow colour. Smoked aromas with candied dry fruit on the nose. The mouth shows a powerful wine – very round with excellent attack.
