## Producer

Born in Burgundy, Jean-Philippe Padié moved back to his grandparent's home in the Southwest in 2001. There he started this 15ha biodynamic domaine producing 30,000 bottles based in the middle of the rosemary and thyme garrigues of Calce in Roussillon. 7 varieties are planted within 30 parcels of vines, he works with complete respect for the soil, his biodynamic principals releasing life to the vines. His ability to bring the life of the vineyards into the glass is what attracted us to this domaine. In the winery he works with no additives or sulphur, the use of large format oak and clay funnel the vivacity of the soils. These wines move away from tradition for this region. The freshness and precision carried by insane minerality are something very special.

## Tasting Notes

Lemon, peach, floral flavours. Medium-bodied with a nice balance between texture and acidity.

## Winemaking

The grapes are hand harvested and then fermented in large oak barrels and concrete vats before being aged for 8 months.
