DOMAINE THOMAS
SANCERRE

Producer

A family estate based in Verdigny, Domaine Thomas was established in the 1970s and is today run by Julien and Justine Thomas. Farming around 16 hectares in Sancerre, the domaine works classic limestone and flint soils to produce precise, mineral-driven Sauvignon Blanc rooted in tradition.

Viticulture

The domaine is spread over 16 hectares around the commune of Verdigny, a little to the north west of the town of Sancerre. This wine is produced from 25 year old Sauvignon Blanc vines planted on flint soils and at a density of 7,000 vines per hectare. Farming is done according to biodynamic principles with soil work being carried out according to the lunar cycle. Shoot thinning is also performed in order to create a well aerated canopy and to reduce the yield. Harvesting is done by hand and by machine.
