## Producer

Beaujolais displaying the individuality that can only come from a good single grower, is the exception rather than the rule. Lucien and Claude Lardy, based in the village of Fleurie, own 12.5 hectares of very old, carefully tended vines, divided between the cru villages of Fleurie, Morgon and Moulin à Vent. Instead of selling their grapes to a negociant, they bottle all of their production themselves and are justifiably proud of their award winning wines which range from light, floral and easy drinking to more powerful, complex wines.

## Tasting Notes

"Fleurie is one of the most popular French red wines in the Irish market - this award winning wine shows why! It is beautifully perfumed with soft, ripe summer fruits and a rounded, rich finish"

## Viticulture

From a 6 hectare vineyard of 67 year old Gamay vines planted on granite at 280 metres altitude and facing east/south east. The domaine, covering 14 hectares in total, follows the Haut Valeur Environnementale (HVE) charter for, meaning the creation of a biodiversity in the vineyard by encouraging the growth of flowers and planting trees and hedges around the parcels so as to attract insects as well as managing the use of water and waste. Lardy plants at 10,000 vines per hectare.
