Viticulture

From a 3 hectare parcel of Gamay vines on granite and sand, facing south east and at an altitude of 260 metres. The domaine, covering 14 hectares in total, follows the Haut Valeur Environmentale (HVE) charter for, meaning the creation of a biodiversity in the vineyard by encouraging the growth of flowers and planting trees and hedges around the parcels so as to attract insects as well as managing the use of water and waste. Lardy plants at 10,000 vines per hectare.
