Producer

Alexander discovered his passion for wine in the family vineyard in the 90s. Willing to go further, he created a company dedicated to Languedoc wines. As a real pioneer and visionary man, Alexander Krossa combines technical and commercial know-how to the service of partner winegrowers. His philosophy: being a professional of foreign customer relationship in controlling technical process, selection and blends with his partners, Morin Langaran Estate.

Tasting Notes

A nice pale yellow wine with green tints, very fresh nose with aromas of white flowers and citrus fruit; extremely fresh palate with notes of lemon and flowers with a mineral and saline finish.

Winemaking

Piquepoul is the latest grape of the vineyard. It is harvested at the end of September and even sometimes at the beginning of October. Night harvest in order to preserve aromas and freshness. Immediate pressing and cold settling at a very low temperature. Fermentation is achieved under controlled temperature. No stirring of lees on this quality to reach a saline finish and liveliness.
