Owned by John & Melissa Innes, Ottelia draws on fruit from the Limestone Coast (Coonawarra, Wrattenbully, Padthaway, Robe & Mt Gambier). John and Melissa moved to Coonawarra thirty years ago, they bought a parcel of land ringed by tall Red Gum Eucalypts and natural wetlands dotted with Ottelia Ovalifolia, a native water lily. The first plantings were in 1993, now there are 9ha in total. The wines are deliciously evocative. The lifted aromas and fragile structures are intriguing and we think, will keep you coming back for more.
