TERRAMATER

Producer

Founded in 1996 by sisters Edda, Gilda and Antonieta Canepa, TerraMater is a family estate rooted in Italian heritage and based in central Chile. Alongside international recognition for their olive oils, the winery has quietly developed a focused wine portfolio shaped by old vines and a clear sense of identity under winemaker Paula Cifuentes.

Winemaking

"Vines between 40 and 50 years old. Aluvial soil, with a Mediterranean weather. Harvest:Low temperatures during winter and moderate rainfall it allowed to maintain a good reserve of water during the spring, when days were colder than the previous harvest. A summer with rainfall that fortunately had no repercussions due to the phenological stage in which the grapes were at that time. Aromatic and acidity. Harvest took place the first week of March."
