Gérald Talmard

Producer

Gérald Talmard, cousin of Mallory at Cave Talmard, produces a very small range of wines from 17 ha of vineyard in the village of Uchizy, in the northern Maconnais. Gérald's philosophy has always been to keep things simple and to emphasise the pureness of the wines. The Mâcon-Uchizy is made from 100% Chardonnay and fermented entirely in tank.

Tasting Notes

Unoaked, medium bodied with a lovely citrus/ripe pear flavour and a long, crisp finish. Precise fresh attack opening on a nice delicacy, Expressing a beautiful fat and a certain crunch, Nice balance and freshness Limpid and brilliant yellow green, Open nose ripe yellow fruits, Beautiful finesse of the aromas with slighty floral notes.

Viticulture

Uchizy is a small village in the northern part of the Maconnais, where the flat, rich alluvial plain beside the Saone River starts to rise towards the limestone outcrops to the West. The 30 hectare estate is planted entirely with Chardonnay on soils of limestone with a clay/loam topsoil. The majority of the vineyards face south/south east and the climate is continental with warm summers and cold winters. The farming approach is minimum intervention.
