Vintage	2019

Vegan Vegetarian

TRIZANNE SIGNATURE WINES

Producer

Trizanne Barnard cut her teeth at the world-famous Klein Constantia winery. But since 2008 she's been making her own path in the wine world with Trizanne Signature Wines. Focusing on the regions of Elim on the southernmost tip of the Western Cape and by contrast, the hot, dry climate of Swartland.

Tasting Notes

The Reserve white wine consists of only two old 500L barrels; a single barrel of Sauvignon Blanc and Semillon respectively. Using the more sun-exposed Sauvignon fruit, this wine manages to create tension between power and elegance. An integrated, bright, medium-bodied wine with its generosity held in check by an elegant mineral structure. Awarded 91 points by Christian Eedes (www.winemag.co.za) the Reserve Sauvignon Blanc Semillon also received 4.5 Stars at the RisCura White Hot Wine Awards 2014. Rich aromatics of lime, white flowers and a touch of herbs. The Elim minerality is very apparent on the palate - layered with fruit and subtle wood spice. An elegant wine with incredible longevity and ample ageing potential.

Winemaking

Harvest started in the second week of February and continued for two weeks. The different parcels were whole bunch pressed and naturally fermented in a combination of new and older french oak barrels. Extended lees work during primary fermentation and the wine was left on the lees after fermentation for 10 months. Meticulous blending of the various parcels took place before bottling in December 2020.
